All surfaces must be thoroughly sanded prior to application. Ensure all surfaces are clean and free from loose particles.

## Product Preparation

### Reducer

Refer to the Technical Data Sheet for base product

### Pot life @ 25°C (77°F)

N/A

### Spray viscosity @ 25°C (77°F)

**BSB 4 Cup  
Ford 4 Cup**

Refer to the Technical Data Sheet for base product

### Spray equipment

Refer to the Technical Data Sheet for base product

### Number of coats

Refer to the Technical Data Sheet for base product

### DFT Recommended

Refer to the Technical Data Sheet for base product

### Flash off time @ 25°C (77°F)

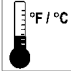

Refer to the Technical Data Sheet for base product

### Drying

Refer to the Technical Data Sheet for base product

This data relates only to the material designated herein and does not apply to use in combination with any other material or any process. The data is not to be considered as a warranty or quality specification and we assume no liability in connection with its use.

Remarks	
	Stir all products thoroughly each time before use. Stir the mixture well after the weigh-out of the components.
	Surface temperature must always be a minimum of 3°C (5°F) above dew point.

Equipment Cleaning
Use recommended Concept Paints 035 Gunwash

Dry Film Properties	After 7 days drying, <u>when compared to similar technology products.</u>
Refer to the Technical Data Sheet for base product	

Product Data	
Colour	Water white
Theoretical Coverage	Refer to the Technical Data Sheet for base product
Shelf Life	36 months in an unopened container at room temperature away from sunlight.

Product Packaging		
Product Code	Product Name	Package Size
TI8029200000X	Lacquer Thinner	4L, 20L

## Safety

For professional use only. Read and follow all label and Safety Data Sheet (SDS) precautions before opening or using. If mixed with other components, the mixture will have hazards of all individual components. Use approved respiratory protection and Personal Protective Equipment (PPE). Ensure adequate ventilation.
