## CLEAN & TREAT

### PREP RIGHT FOR A LONG LASTING SUPERIOR FINISH

#### UNIGUARD 106 RUST CONVERTER PRIMER SEALER

500 ML: IN106900000.50 | 1 LT: IN106900000001 | 5 LT: IN106900000005

Clean, treat, prime and seal your rusted metal surface in one easy step with our **Uniguard 106 Rust Converter Primer Sealer**. Our product is ideal for all metal applications and converts your surface into an anti-corrosive and primed finish, allowing you to directly apply your top coat.

**4 IN 1 • CLEAN, TREAT, PRIME & SEAL**

#### UNIGUARD 025 RUST CONVERTER

500 ML: AU02590000.50 | 1 LT: AU025900000001 | 5 LT: AU025900000005

**Uniguard 025 Rust Converter** is an acid based surface cleaner for lightly rusted steel surfaces, suitable for use prior to application of all paints.

## PRIME

### PRIME FOR A DURABLE FINISH THAT LASTS

#### UNIGUARD 118 COLD GAL

1 LT: IN118800000001 | 4 LT: IN118800000004

**Uniguard 118 Cold Gal** is a heavy duty yet easy to apply fast drying zinc rich primer that can be applied to all ferrous metals. Uniguard 118 Cold Gal is an ideal long lasting anti-rust barrier suitable for all highly corrosive areas.

**ANTI-CORROSIVE**

#### UNIGUARD 110 METAL ETCH PRIMER

Available in 1 LT & 4 LT

**Uniguard 110 Metal Etch Primer** is a 1K epoxy modified PVB primer designed to provide significant anti-corrosive protection and excellent adhesion to all common metal substrates. Can be applied to previously painted surfaces in sound condition.

**AVAILABLE IN 3 COLOURS: White, Black & Grey.**

**2 IN 1 • ETCH & PRIME**

#### UNIGUARD 102 BRUSHABLE ETCH PRIMER - GREY

500 ML: IN10260200.50 | 1 LT: IN102602000001 | 4 LT: IN102602000004

**Uniguard 102 Brushable Etch Primer - Grey** is a chromate free ready for use etch primer which can be applied using a brush or roller over a wide range of metal surfaces. It has excellent adhesion and when used with Uniguard UV Superior Enamel top coats provides strong protection against rust and corrosion.

**READY FOR USE**

#### UNIGUARD 109 ENAMEL PRIMER

Available in 1 LT & 4 LT

**Uniguard 109 Enamel Primer** is an industrial enamel primer with excellent hold out and adhesion properties. It is suitable as a primer for Concept's Enamel Product range.

## TOP COAT

### A GREAT TOP COAT WILL GIVE AN EXCELLENT FINISH

#### UNIGUARD 451 SILVER GAL

1 LT: IN451800000001 | 4 LT: IN451800000004

**Uniguard 451 Silver Gal** is an anti-corrosive primer and topcoat in one easy to use coating designed for long lasting rust protection of ferrous metals. Gives a galvanised steel finish.

**ANTI-CORROSIVE**

**2 IN 1 • PRIME & TOP COAT**

#### UNIGUARD 760 1K METAL CLEAR

1 LT: IN760900000001 | 4 LT: IN760900000004
